UN WOMEN AND WFP
JOINT STATEMENT OF ACTION

UN Women's strength and advocacy, coupled with WFP's operational presence and access to populations in remote and vulnerable situations, can improve the lives of women throughout the world. We will work with countries to empower rural women to achieve food and nutrition security by committing to the following goals and actions:

- Goal: Empower women-led associations and small-scale businesses to break the intergenerational cycle of hunger.
    - Action: WFP-UN Women will support women-led associations and small-scale businesses to supply home grown school meals in low income and food insecure countries, including strengthening their capacities in business and management skills.

- Goal: Create and improve livelihood opportunities for women to ensure food and nutrition security
    - Action: Provide income generating opportunities to women through food and nutrition interventions.

- Goal: Advocate for gender equality and the empowerment of women, as an integral part of sustainable agricultural and economic development country led policies.
    - Action: Support low income and food insecure countries to integrate gender into their food, agriculture and nutrition policies.

- Goal: Invest in the future productive capacity of the next generation.
    - Action: Increase female enrolment in primary and secondary schools in the poorest, most food-insecure regions of the world.

- Goal: Reduce the unpaid work burden on and improve the safety of women and girls in volatile situations in food insecure countries.
    - Action: improve women's access to fuel-efficient stoves.

Goal: Enhance women's control and management of local food security reserves.

- Action: Support women to establish and manage community granaries in food insecure countries.
