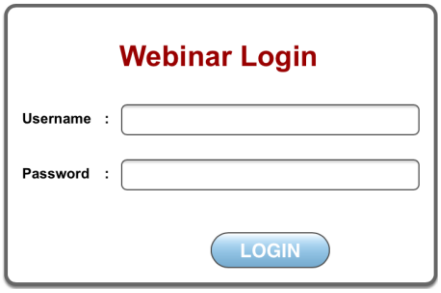
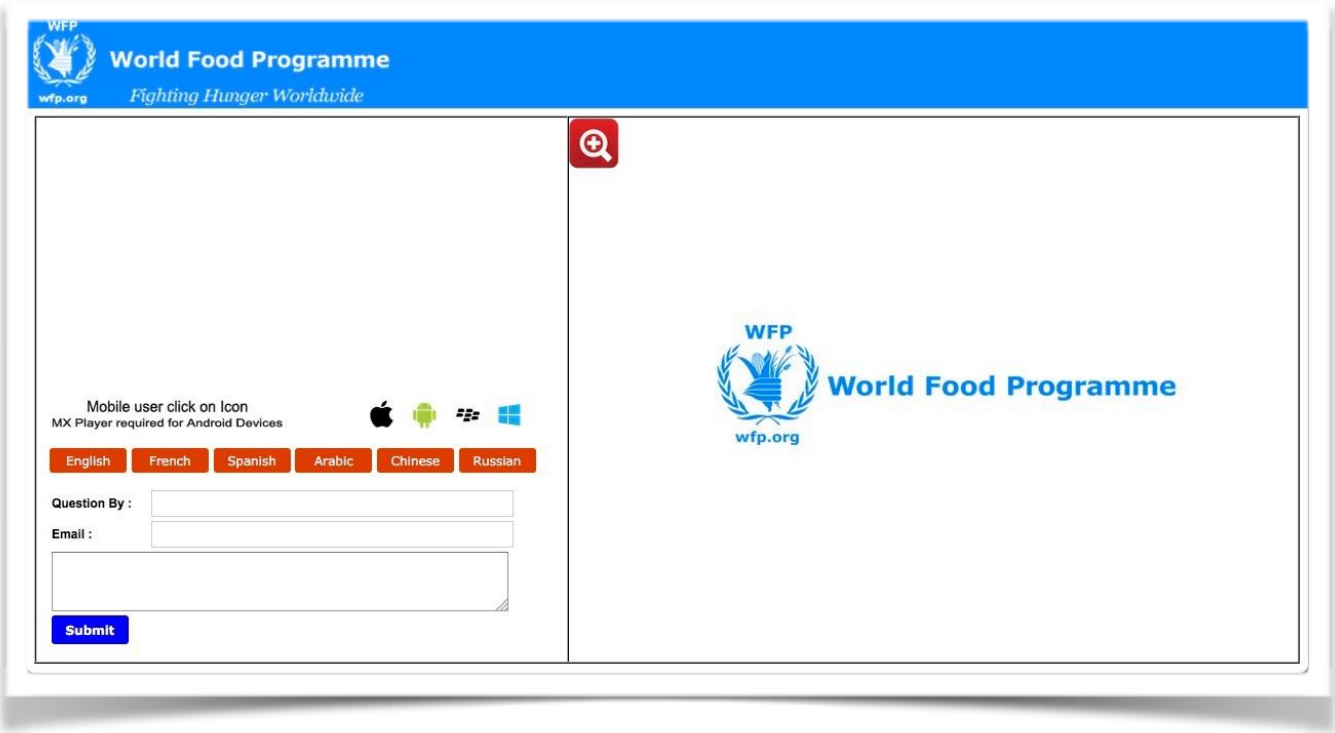
Password: First.2017 (*Note: the password will change for each session of the Board*)



Select your preferred language by clicking on the relevant button.
Should there be a slideshow presentation, it will appear on the right side window.



New video microphone system

In January 2017, thanks to the support of the Government of Italy to the Landmark HQ renovation project, WFP has installed a new video microphone system with a touch screen that allows delegates to select language and volume, view speakers and speak comfortably from their seat without leaning in due to the wide range microphone. The image below highlights the main features of the new system.
