

## Country: South Sudan

## Highlights

- **Data collection for the next round of the Food Security and Nutrition Monitoring System (FSNMS) to start next week.** WFP's Vulnerability Analysis and Mapping unit along with partners, have started the training of enumerators in most counties/states and will begin the data collection phase for the July FSNMS (round 16) in nine states across the country. Due to limited accessibility, Unity state cannot be included in the FSNMS. WFP and partners are working to conduct an Emergency Food Security Assessments (EFSA) there. Any partners with significant presence on the ground in Unity should contact WFP to get involved in the assessment.
- **WFP congratulates the South Sudanese people on the fourth anniversary of their nation's independence.**

In numbers **1.5 million** IDPs (OCHA estimates)**552,000** displaced outside South Sudan (UNHCR estimates)**152,800** seeking shelter with the UN (UNMISS estimates)**4.6 million** projected to remain in emergency or crisis level food insecurity from May to July 2015 (IPC, May 2015)

## WFP Response

Food and Nutrition Assistance 

- WFP and Cooperating partners' teams completed distributions in Chuil, Haat, Kandak, Kurwai (Jonglei) and Abiemnhom (Unity).
- Teams are currently deployed in Akobo, Ayuelidit, Dengjok, Gakdong, Jaibor, Kuernyang, Kurwai, Mogok, Nyandit, Old Fangak, Walgak (Jonglei), Ganyiel (Unity), Maiwut, Mathiang and Pagak (Upper Nile),
- Next deployments are planned for Jiech, Katdalok, Pathai, Pieri, Riang (Jonglei), Dome, Kiechkuon, Ulang and Ying (Upper Nile).

Logistics 

- Because of a lack of earlier maintenance on the road, heavy trucks are experiencing significant delays on the Juba-Rumbek road in the Western Corridor.
- On 08-09 July, 500 mt of commodities arrived in Akobo from Gambela, Ethiopia via river.
- More than 88,000 mt have been prepositioned (over 80% of the 2015 plan). Remaining tonnages, including cereals in Kostis and non-cereals from Port Sudan, via Ethiopia, will be transported into Renk, Melut and Maban.
- Since 1 January 2015, WFP has dispatched 150,692 mt of food commodities, of which a total of 26,871 mt has been airlifted or airdropped within South Sudan and from Ethiopia.

## Special Operations

### Food Security and Livelihoods Cluster

- Nothing significant to report.

### Logistics Cluster

- The Logistics Cluster airlifted 56.5 mt on behalf of eight partners to Akobo, Boma, Dindin, Ganyiel, Jiech, Juaibor, Korier, Kurwai, Malakal, Mandeng, Nyal, Old Fangak, Pibor, Renk, Rubkona, Rupchai, Ulang, Waat and Walgak.
- The second CHF allocation is ongoing. Funds to the Logistics Cluster will support air transport for passengers, cargo delivery and shunting services.
- The Logistics Cluster continues to utilize ad-hoc rotations from WFP's Mi-26 helicopter for locations with a significant amount of pending cargo.
- Based on airlift requests and funds availability, the Logistics Cluster will be looking to scale-up with an additional Mi-8 helicopter in the coming weeks.
- The loading of the three barges bound for Malakal has finished in Bor; departure is tentatively scheduled upon arrival of the final barge/pusher from Juba to Bor.
- The rainy season continues to affect ground access and mobility throughout the country. The latest Access Constraints map can be found at the following link: [http://logcluster.org/sites/default/files/maps/ssd\\_lc\\_op\\_accessconstraints\\_a3l\\_20150710.pdf](http://logcluster.org/sites/default/files/maps/ssd_lc_op_accessconstraints_a3l_20150710.pdf)

### Emergency Telecommunications Cluster (ETC)

- ETC partner, emergency.lu, donated new Internet connectivity equipment for the South Sudan operation. This equipment, currently in Bentiu, will replace equipment previously provided.
- A new ETC site has been established in Old Fangak. Reliable Internet connectivity is now available to all humanitarians responding in this area. The Inter-Cluster Working Group (ICWG) identified this a priority location for emergency response.
- In Akobo, a deployment mission will be carried out next week, which will be vital due to the growing number of humanitarians responding in this remote yet strategic location.
- Faulty data connectivity equipment has been replaced at the Mingkaman ACTED hub. The mission was successfully concluded by allowing all humanitarians responding in this areas to access the restored data connectivity services.
- The ETC continues to provide radio programming services to humanitarian partners in South Sudan. During the reporting period, 12 radios have been programmed for FAO, UNDP and WFP.

### UN Humanitarian Air Service

- UNHAS transported 1,018 passengers and 10 mt of light cargo during the reporting period. A near 50% reduction in cargo and passenger movement this week is a result of reduced travels around Independence Day.

- During the week, 148 passengers were affected by flight cancellations due to lack of security clearances from local authorities in Malakal.
- Four medical evacuations were performed out of Ajoung Thok, Mingkaman and Yida for UNHCR and OXFAM-INTERMON; in addition UNHAS carried out security evacuations of two passengers out of Nyal and facilitated the reunification of a child with his parents from Pibor to Juba.
- UNHAS facilitated six special missions during the reporting period including: WFP/Cooperating partners' Rapid Response Mobile team deployments in and out of Pultruk, Mogok, Kurwai, Kuernyang and Jaibor; and supported return flights for IOM staff who took part in the bio-metric registration in Wau.
- On the order of the Government of the Republic of South Sudan, UNHAS did not operate on 09 July due to the VIP movement on the 4th Independence Day celebration.

### Feeder Roads

- The Lead Engineer and a team of Engineers went to the Mundri–Bangolo road project site (Western Equatoria) to conduct a final inspection of the road. The team found that the works have been completed successfully and only a few snags need to be repaired. Increased agricultural activities and development of new farms have been observed along the road.
- Bush-clearing is ongoing on the Ame–Ame Juba road junction (14km | Eastern Equatoria).
- Award of contract for construction of the Kuajok–Lunyaker road was approved this week.

## Resourcing Update

Project	2015 Requirements (US\$)	Six-month Shortfall (US\$)
EMOP 200659	\$504 million	\$118 million
PRRO 200572	\$288.6 million	\$44.8 million
SO 200786 (UNHAS)	\$59.3 million	\$26 million
SO 200775 (Food Security)	\$1.37 million	\$0.8 million
SO 200778 (Logistics)	\$34.9 million	\$12.8 million
SO 200791 (ETC)	\$4.5 million	\$2 million
<b>Total</b>	<b>\$892.7 million</b>	<b>\$204.4 million</b>

Feeder Roads operations has a budget of US\$167.3 million, with a shortfall of US\$73.6 million
