Situation Update

- Data collection for the Food Security and Nutrition Monitoring System (FSNMS), which feeds into the Integrated Food Security Phase Classification (IPC), has reached 90 percent of planned sites. Insecurity has prevented data collection in some locations; however, WFP is working with partners to collect information from displaced populations in host communities to ensure that the data is as representative as possible, to ensure a holistic picture of the food security situation in the country.

WFP Response

Food and Nutrition Assistance

- Integrated Rapid Response Mechanism (IRRM) teams have recently concluded distributions to 92,500 people in Walgak, New Fangak (Jonglei), Maiwut and Pagak (Upper Nile). This month, IRRM teams are expected to deploy to 11 locations to provide life-saving food assistance to 172,000 people.
- Registration of about 7,000 households for the Juba urban cash for training pilot is being finalized this weekend and training workshops are planned to commence in the forthcoming week. Beneficiaries will begin to receive their payment for participation in the workshops by the end of January.

Supply Chain

- The first test convoy of 22 trucks from Juba to Bentiu arrived on 4 January carrying 750mt of commodities. A second convoy of 21 trucks is expected to arrive in Yida by 12 January. Convoys have reported that road

conditions have partially improved in line with the start of the dry season with no major incidents reported along the route.

- Offloading of the barge set is ongoing in Malakal and is expected to be finalized by 20 January. The commodities will meet operational requirements in the Malakal Protection of Civilian (PoC) site through March.

Feeder Roads

- Nothing significant to report.

Clusters and Common Services

Food Security & Livelihoods Cluster (FSLC)

- The FSLC is supporting an inter-agency assessment mission to Kajo-Keji planned for next week, which will focus on food & livelihood security, population dynamics and movement, health, nutrition, protection, security and access.
- The FSLC is supporting OCHA's contingency planning process for potential IDP influx in Juba in 2017.
- The FSLC continues to engage with food security partners to gain their feedback on their 2017 food security and livelihoods strategies to help ensure a harmonized and coordinated approach.

Logistics Cluster

- In the past two weeks, the Logistics Cluster coordinated the delivery of over 180mt of humanitarian relief items to Akobo, Kodok, Malakal, Mankien, Mathiang, New Fangak, Nyal and Paloich on behalf of 15 organizations.
- Offloading of 205mt of non-food items (NFIs) on the WFP/Logistics Cluster barge was completed in Malakal on 04 January.
- The most recent Access Constraints Map is available at: <http://www.logcluster.org/map/south-sudan-access-constraints-map-30-december-2016>.

UN Humanitarian Air Service

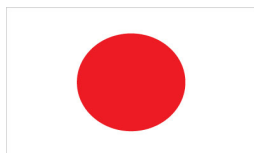

- During the two week reporting period UNHAS transported 1,167 passengers and 11mt of light humanitarian cargo. UNHAS also managed over 100 airdrop flights delivering 2,200mt of WFP food.
- UNHAS performed a charter flight for ICRC transporting 1.2mt cargo to Kolthok (Upper Nile). UNHAS also facilitated delivery of 1mt of cargo to Pagil, New Fangak and Mvolo on behalf of ECHO partners involved in emergency preparedness and response activities.
- Three IRRM missions were facilitated to Jiech, Yuai and to Malakal.
