WFP South Sudan Situation Report #194

15 September 2017

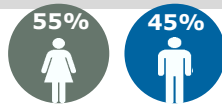

In Numbers

- 4.2 million** people assisted by WFP (2017)
- 2 million** internally displaced people (OCHA)
- 1.8 million** South Sudanese refugees (UNHCR)
- 212,969** seeking shelter with the UN (UNMISS)
- 6 million** people facing severe food insecurity from June to July 2017 (IPC, June 2017)

Highlights

- WFP, in collaboration with FAO and other partners, has finalized data collection for the Food Security and Nutrition Monitoring System (FSNMS) which will feed into the ongoing Integrated Food Security Phase Classification (IPC) analysis process.
- WFP set up a SCOPE for nutrition pilot project platform in Aweil, Northern Bahr El Ghazal State.

People assisted July 2017

GENDER MARKER 2A EMOP 200859

Global Humanitarian Funding

Overall:
USD 1.64 billion
WFP share:
USD 774.1 million

WFP 6-month Net Funding Requirements (August 2017–January 2018)

Emergency Operation (EMOP 200859)	USD 191.1 million
Protracted Relief & Recovery Operation (PRRO 200572)	USD 34.7 million
Logistics Cluster	USD 0 million
UNHAS	USD 0 million

Situation Update

- WFP, in collaboration with FAO and other partners, has finalized data collection for the Food Security and Nutrition Monitoring System (FSNMS) which will feed into the ongoing Integrated Food Security Phase Classification (IPC) analysis process that started last week. The IPC is an innovative tool for improving food security analysis and decision-making. It is a standardized scale that integrates food security, nutrition and livelihood information into a clear statement about the nature and severity of food insecurity and implications for strategic response. According to the latest IPC released in June 2017, up to 6 million people (about 50 percent of the population) are severely food insecure in June/July 2017. This is the greatest number of people ever to experience severe food insecurity in South Sudan.
- WFP team visited Aweil from 12 to 15 September to set up a SCOPE for nutrition pilot project platform in Aweil, Northern Bahr el Ghazal State. This will allow WFP and its partners to more closely track the progress of children and nursing women accessing WFP's targeted supplementary feeding programmes. WFP plans to register 1.5 million people in the organization's beneficiary and transfer management platform across South Sudan. This platform provides opportunities for strategic partnership for enhanced efficiency.
- The Ministry of Humanitarian Affairs has issued a flood report which warns that the threat of floods continues to rise in South Sudan. The floods affect mainly Northern and Western Bahr el Ghazal, Terekeka and Maban regions. As a result, many people have been uprooted from their homes and shelters and livelihoods have been destroyed. OCHA is liaising with the Government of South Sudan and the humanitarian community to assess humanitarian needs. WFP will continue to monitor the situation carefully and work in collaboration with OCHA and other humanitarian partners to respond as needed.

WFP Response

Food and Nutrition Assistance

- Currently, there are 6 integrated rapid response mechanism (IRRM) teams deployed in Unity, Jonglei and Upper Nile states, providing life-saving food and nutrition assistance to about 112,800 people, including 24,600 children under the age of five. WFP plans to deploy an additional 31 missions in the coming six weeks, assisting approximately 620,000 people.
- Over the past week, IRRM teams completed distributions in Mayom Town, Wiechjol, Urur, Buong, and Ulang while distributions are currently ongoing in New Fangak, Gum and Luil in Greater Upper Nile region.

Supply Chain

- Despite heavy and continuous rainfall across the country which makes most of the main routes difficult to access or impassable, WFP continues to deliver food and nutrition commodities by all means possible – by road, air and river – across South Sudan. WFP has dispatched 228,300 mt of food since the beginning of this year.
- Over the past week, a WFP convoy of 28 trucks transported 935mt of food commodities to Kapoeta and a convoy of 29 trucks, carrying 1,000mt of food commodities, has reached Bor from Juba.

UN Humanitarian Air Service (UNHAS)

- During the week, UNHAS transported 2,237 passengers and 31.1mt of light humanitarian cargo to 65 destinations. In addition, UNHAS performed 54 WFP airdrop flights, dropping 1,507mt of food commodities.
- UNHAS performed four medical evacuations on behalf of four agencies and 43 security relocations on behalf of 13 agencies.
- In support of the Inter-Cluster working Group (ICWG) Rapid Response Mission (RRM) mechanism, UNHAS performed flights from Juba, Wiechjol, Pading, and Lankein to Wiechjol, Juba, Lankein, and Chuil, on behalf of 19 passengers from nine NGOs.
- UNHAS performed charters on behalf of UNWOMEN and two charters on behalf of UNHCR, of which one charter flight supported the relocation of 54 refugees from Yei to Ajuong Thok.

Feeder Roads

- Nothing significant to report.

Clusters and Common Services

Food Security & Livelihoods Cluster

- Over the past week, the Food Security and Livelihood Cluster, FSLC partners and Government counterparts have been taking part in the second week of the Integrated Food Security Phase Classification (IPC) analysis exercise in Juba.

Logistics Cluster

- In the past week, the Logistics Cluster facilitated the delivery of 94mt of cargo to Chuil, Jiech, Lankien, Mvolo, Pading, Pibor, Thaker, and Wechuol on behalf of 13 organizations.
- The Logistics Cluster supported Inter Cluster Response Missions to Chuil, Mvolo, Pading, and Weichjol by transporting 78mt of shelter and WASH supplies for six organizations.
- The most recent Access Constraints map can be found at this [link](#).

WFP Operations					
	2017 Requirements (in USD)	6 Months Net Funding Requirements (in USD) (August 2017– January 2018)	People Assisted (July 2017)**	Female**	Male**
