

ACCELERATING INNOVATIONS FOR A WORLD WITH ZERO HUNGER

OUR PRINCIPLES

1. Accelerating innovations with transformative impact to end hunger globally
2. Solving problems with a user-centric, lean approach
3. Creating a 'start-up' spirit supportive environment

WHAT WE DO

-  **Innovation Challenge** to identify transformational innovations both within and outside of WFP.
-  **Ideation and Acceleration Bootcamps**; Human-centered design and lean start-up bootcamps for user centric, quick and bold innovations.
-  **Sprint Programme**; accelerate teams from prototype or early proof-of-concept to scale over 3 to 6 months (funding and active team support).
-  **Thought Leadership**; exploring new, longer-term technologies and business model innovations.
-  **Innovation Fund**; identifying funds and networks to best facilitate innovation scale-up.

HOW TO WORK TOGETHER

1. Sign-up as an expert/mentor (e.g. big data, scalable technology, nutrition).
2. Participate in our activities, we regularly host events, bootcamps, etc.
3. Apply for our Sprint Programme, if you have a great idea or the capacity to drive zero hunger innovations forward.
4. Become an innovation supporter or partner of the World Food Programme.
5. Email us with your ideas at global.innovation@wfp.org

ABOUT US

The UN World Food Programme (WFP) is fighting hunger worldwide, delivering food assistance in emergencies and working with communities to improve nutrition and build resilience for around 80 million people in 80+ countries (learn more www.wfp.org).

The WFP Innovation Accelerator has been created to identify and accelerate innovations that help WFP fulfil its mandate in eradicating hunger worldwide (learn more www.wfp.org/innovation).

CONTACT US

We cover global innovations for zero hunger—our office is located in the center of Munich, Germany.

Our office accommodates staff and innovation project teams in a creative and collaborative atmosphere.

We utilize networks in non-profits, private sector, academia and institutions, it is an ideal environment to accelerate innovation.
